6. A district officer user can only enter data for his/her district. The District Column will only display the District name for which the operator is created.
7. The different focus area are for the department are displayed as tabs (highlighted by Icon 3). User needs to click on a Focus area tab to view the Data Point present under the selected focus area.
8. User needs to select the Frequency drop down (highlighted by Icon 4) to filter the data points on the basis of their frequency. For e.g. If the user wants to view the data points present for Focus Area 'Input' and Frequency 'Yearly', then the 'Yearly' should be selected from the Frequency drop down. If the user wants to view the data points present for Focus Area 'Input' and Frequency 'Quarterly', then the 'Quarterly' should be selected from the Frequency drop down. There cannot be the same data points having multiple frequency. The frequency of each data point is fixed and unique for the data point.
9. The user need not select the Sub- District. The option is disabled currently.
10. User needs to select the time i.e. the year, month etc. for which the data needs to be filled.
11. If the frequency selected by the user is yearly then Year drop down is enabled and rest are disabled. If the frequency selected by the user is quarterly then the Year and Quarter drop down are enabled and rest are disabled and so on for other frequency. Icon 5 highlights the different periodicity/time periods available to the user according to the selected frequency.
12. After selecting the values for all the columns, the user needs to enter the data for each data point and click on Submit button.
13. User should click on the next/previous button (highlighted by Icon 6) to check that no data point is missed.
14. When the user clicks on the Upload File menu item (Highlighted by Icon 7), the following page is displayed.

The screenshot shows the Arunachal Pradesh government dashboard. At the top, there are two logos: the Arunachal Pradesh state emblem on the left and the central Indian emblem on the right. The main title is "Government Of Arunachal Pradesh" and "Chief Minister's Dashboard". Below the title, there is a navigation menu with the following items: "Data Entry", "Data Entry Form", "Upload File" (which is circled in red), and "Data Report". A red arrow points upwards from the number 7 at the bottom of the menu towards the "Upload File" item. The main content area is titled "File Upload - Agriculture - Anjaw" and contains instructions to "Select files from your computer/Network" and "Allowed File Type : CSV, XLSX, XLS". It features a file upload form with "Upload File" and "Choose File" buttons, and an "Upload" button. At the bottom of the page, it says "Designed and Developed by Ernst & Young LLP." and has a back arrow icon.

15. User should click on the Choose File button and select the file which needs to be uploaded and then click on the Upload button to upload the file.
16. When the user clicks on the Data Report (highlighted by Icon 8), the following web page is displayed.
